

What We Do

Racami helps the customer communications industry deliver exceptional customer experiences.

How We Do It

We help our customers reach their goals by applying software, staff, and industry expertise to their projects.

How You Benefit

You achieve your goals faster, reach higher productivity and quality levels, better serve your customers, take the load off IT staff, and increased sales.

Alchem-eTM Dashboards and Automation

A Single Source of Truth for You and Your Customers

Here's a way to better track and manage the activity for your production facilities. You and everyone around you make better decisions based on real-time information available in the Alchem-eTM dashboard.

Setup Jobs Faster, Create a Healthy Workflow

Design your workflow by dragging and dropping "Activities" onto the work space. This next generation workflow designer and engine make you more productive. Alchem-e FLOW is special because it monitors itself to ensure it is producing on time and error free. You'll know the health of your automated data processing with Alchem-e FLOW.

Consolidate Products and Simplify

Do you have too many overlapping products? Now you can simplify. Use Alchem-eTM to combine print managers, transforms, archives, reengineering/post composition software, spreadsheets, reporting systems and storefronts into one system. Alchem-eTM makes your life easier.

Professional Services and Staff Augmentation

Technology Migrations

If you have been in business for more than 10 years you are likely using some older technology. When it's time to migrate to something new, it can be hard with limited resources. Racami can help. We know your business and have highly skilled analysts, technicians, and developers to complete your project faster than you could with your existing teams.

Customer Onboarding

When you are having trouble keeping up with your workload Racami provides the manpower to get it done.

Merging Facilities

When you are merging facilities, consolidating technology, streamlining workflows, let our team help yours. You need people who have the knowledge and skills to make you successful. Racami has expertise in transactional, direct marketing, book publishing, and commercial print environments.

Software Development and QA

Racami is a multinational organization with development hubs in Atlanta, GA and Manila Philippines. Give us a call when you need cost effective ways of developing and testing your products and homegrown systems.
